Snow Rules

**To: All Hadley Village Residents
From: Hadley Village Board of Trustees
Date: December, 1999**

Subject: Snow Rules

- * During a heavy snowstorm the main road and entrances to and around the parking lots will be plowed allowing passage of vehicles. Leave your vehicle in your assigned parking space. As a reminder, no vehicle should be parked on the left side of Hadley Village Road during the snowstorm. The left side is the side opposite the office at 129 Hadley Village Road.
- * When the storm has ended the plowing of all parking lots will begin providing the snow ends at a reasonable hour. The plow trucks will come to your area and honk the horn. At this time you will be required to move all vehicles you are responsible for. Due to the problems in the past with residents not moving their vehicles in a prompt fashion, the tow company, Hampshire Towing 534-5373 on 650 New Ludlow Rd, So. Hadley, MA will accompany the plows again this year.

IF YOU DO NOT MOVE YOUR VEHICLE, IT WILL BE TOWED.

- * As areas are plowed, vehicles can *temporarily* be parked on the left side of Hadley Village Road. However when your space is cleared all vehicles must return to their assigned parking spaces or to the right side of Hadley Village Road.
- * If it is a small 3"- 6" storm, lots may be plowed immediately after the main road and entrances are plowed. If plowing of the parking spaces has not started prior to 6:00p.m., they will be plowed beginning at 8:00a.m the following morning.
- * Hadley Village staff and trustees will not be responsible for calling you or for moving your vehicle. You are solely responsible for moving your vehicle and your visitors vehicle.
- * If you do not comply, your vehicle will be towed at your expense with no refund, no exceptions. If you plan to be away for a period of time make arrangements for moving your vehicle.
- * Help your neighbor, knock on their door if they need a reminder to move their vehicle. Be patient and remember we all need to work together as a community.

HADLEY VILLAGE IS NOT "SNOW FRIENDLY". There is very little room to maneuver cars and store piles of snow. Patience and cooperation are needed from everyone . 11/13
